# USB Heating Eye Mask iRelief<sup>®</sup> VEM-100

Comfort Your Eyes Anytime, Anywhere

*Listen to the clinical*

## Product Concept

iRelief® is a smart eye mask designed to providing heating comfort to the eyes. It works by connecting eye mask with power bank or computer or any other power source. It can relieve eye fatigue and discomfort caused by dry eye or other eye problems. It can also accelerate the blood circulation around the eye to improve black eye circle conditions.

Temperature  
Adjustable

3D Ergonomic  
Design

Powered by USB

Auto Switch off

## Variable Heating Temperature with Smart control

iRelief<sup>®</sup> provides 3 optional heating temperatures to meet different comfort demands. The heating time is 30 minutes for all 3 options. When the 30 minutes' heating SPA is finished, it will automatically stop working and be switched off in one hour.

- 38°C
- 40°C
- 45°C

## 3D Eyeball Fitting Design

3D eyeball fitting design making iRelief<sup>®</sup> fully in touch with the periorbital area to provide seamless heating comfort without compressing eyeballs.

## Magsafe Connection Design

iRelief<sup>®</sup> applies Magsafe connection design like the Apple products. When not connected with the USB cable, iRelief<sup>®</sup> can be used as an ordinary eye mask for sleeping purpose.

## Special Heat Insulation Materials

iRelief<sup>®</sup> is made of special heat insulation to keep the heating effect at optimal status. Also, the material is washable. So, the users can wash iRelief<sup>®</sup> for hygiene purpose.

## Specification

## VEM-100

Heating method	powered by USB connection
Heating temperature	38°C, 40°C, 45°C
Heating duration	30 minutes
Input voltage	DC 5V/1A
Power	2.5~4.5W
Material	cotton, blended fabric
Color options	grey, pink
Product size	220 X 100 mm
Weight	45g
